

Dearest Gruffalo Class Children and families,

What a year! Who could have guessed back in September when you started in F2 that our year together would go as it has?

We are so very proud of all you have done this year. You settled into school life beautifully in September, making friends and learning about school and all areas of learning indoors and outdoors. You became a super team and we have lots of lovely memories of special times we shared.

You and your families continued to work hard and stay safe throughout the partial school closures, looking after each other in the most unusual of times. You continued to work hard both in school, at home and online!

We all think you are all truly amazing and know you will continue to be awesome in year one and beyond! We can't wait to see how you grow and what wonderful achievements you accomplish in your lives.

Enjoy your last week of school activities before the summer holiday. Have a wonderful summer and we'll see you all in the Autumn term!

Have a Super Summer!

Miss Hughes

Mrs Line

Miss Ellis

*Lewis wanted me to show you that he's a 'big boy' like the children in your Gruffalo class. He has been practising his writing ready for starting school in September!*
